

Tasks:

- 1. Ask pupils to work in groups.
- 2. Give a plastic box to the first pupil of the group. The pupil must talk about their favourite animal.
- 3. After that, ask the pupil to pass the plastic box to other group members.
- 4. The plastic box is passed around the group until the last group member has talked about their favourite animal.

Example:

I like hamsters. They look like a mouse. Their fur is brown and white. Hamsters like to eat seeds and run on the wheels every day. They are cute and cuddly.
