Subject: Making A Health Log

Dear Fariha,

Thank you for the e-mail. I hope you are well. I'm so glad that you are interested in making a health log. It's very simple. First of all, you need to write down the food you are required to eat daily. Count the correct amount you need to take so you will get all the nutrients needed daily. Next, record the food you eat daily to keep track of what you eat. That's all! I hope this helps.

Subject: My Favourite Mode of Transportation

Dear Kok Wai,

Thank you for your e-mail last week. It was nice to read about different modes of transportation in different countries. My favourite mode of transportation is the hot air balloon. Last year, I took a hot air balloon ride in Putrajaya with my parents. We had the chance to fly through the city. I waved to the people beneath me as we passed them by. It was one of the most memorable experiences I have ever had in my life. Next time around, we can ride it together. That's all for now. Bye.

Your friend,

Freddie

It was our first time taking the train to Penang. The view throughout the journey was mesmerising. We enjoyed it very much. The best thing about the train was that it was spacious, clean and comfortable. The service was excellent too.

I hope we can take the train or other modes of transportation to other places again. It is going to be exciting.

My family and I visited the KL Bird Park last weekend. The place is located in the scenic KL Lake Gardens, which is only a few minutes away from Kuala Lumpur's city centre.

I was delighted to see many birds from different species like peacocks, hornbills, flamingos, parrots

and many others. Some of the birds are allowed to move around freely, while some others are kept in the enclosures and mini-aviaries.

We took some photos and fed the birds from the food that we purchased at the park as little as RM0.50. Soon, it was getting darker and we went home. I was tired but happy.

Question 1

Last Saturday, Aimi's school organised their annual Sports Day. The venue took place in the field. There were food trucks selling delicious food from burgers, drinks to desserts. There were also lively parades and parents came to support their children.

Some of the events held during the day were 100 meters run, long jump, volleyball and more. Aimi was very nervous because he participated in the run. But, he was very happy because his parents came to give him the support he needed.

Fortunately, Aimi won first place. His parents were so proud of his achievement. Aimi also won the best athlete for Year 4.

Question 2

It had been raining for weeks. Most of the residents in Pahang area were told to stay indoors and to avoid outdoor activities as it was raining heavily.

The water level had reached up to our houses' windows. We couldn't save most of our furniture and they were terribly damaged. We were told to only bring clothes and basic necessities to the shelter.

It was very crowded and loud. We had no choice but to stay inside. After a week, the rain had subsided and the water level had decreased. We were allowed to go home to clean the house. Although it was a bad experience for us, we are glad that we were all safe.
