It had been raining for weeks. Most of the residents in Pahang area were told to stay indoors and to avoid outdoor activities as it was raining heavily.

The water level had reached up to our houses’ windows. We couldn’t save most of our furniture and they were terribly damaged. We were told to only bring clothes and basic necessities to the shelter.

It was very crowded and loud. We had no choice but to stay inside. After a week, the rain had subsided and the water level had decreased. We were allowed to go home to clean the house. Although it was a bad experience for us, we are glad that we were all safe.
